Site 2889: Torca La Vaca

Surveyed by the Matienzo Expeditions 2008

Version 2.04 - completed 12th October 2008

Printed full size, at 1:100, this survey requires a sheet about 90cm wide by 350cm long.

Survey data collected using a Disto and Suunto compass and clinometer. Data processed using Compass. Plan and profile plot created from a small file exported by Compass. The file is in Compass format, version 6.00 beta 25, has measurable passage colour (approx 8Mb). The highest quality file, reg 2889.2.01.rlx, has a size of approx. 120Mb.
