

LOGBOOK

Year: 1998

Season: Whit

Logbook pages scanned to jpg then combined into a pdf file using <http://smallpdf.com/>

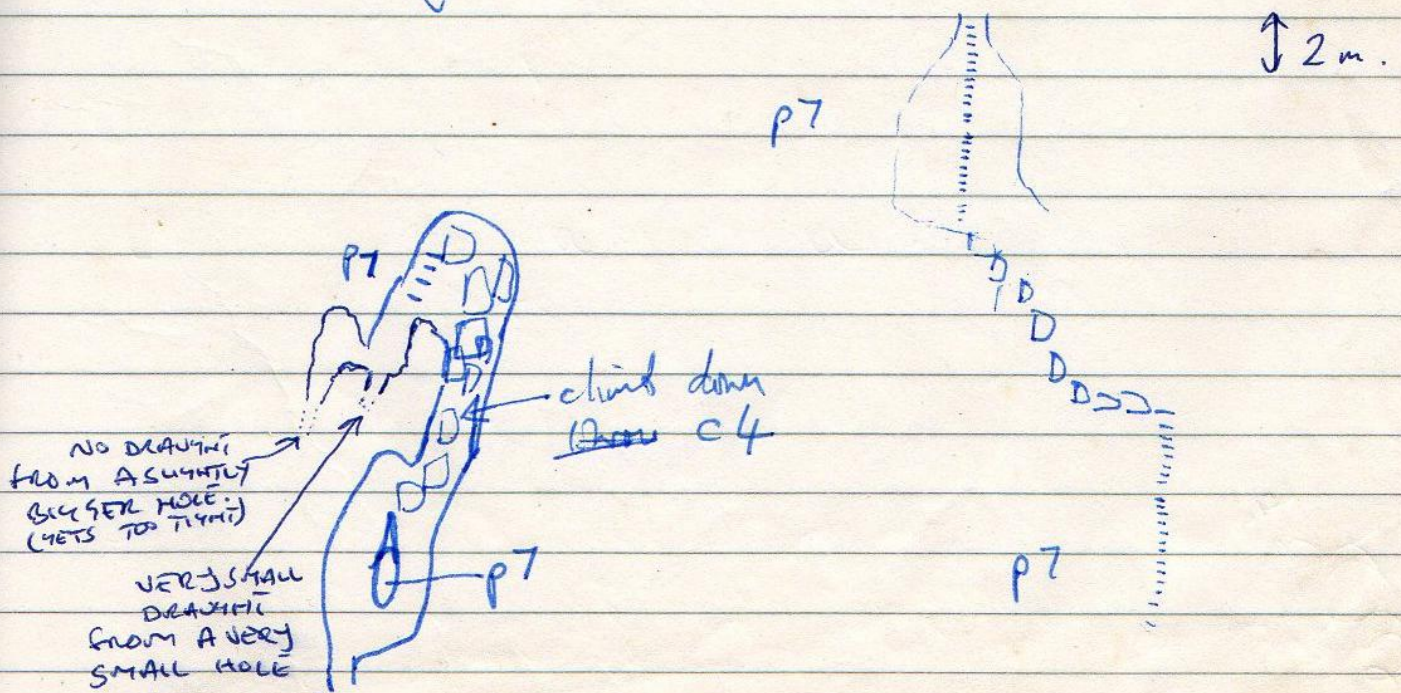

Juan Corrin, January 2015

WHT 1998

Sunday 24th May

Pete, Andy, Ivan, Julie + Arthur up to the undescended shaft in "streambed" above 415 area. (Site 1300). As an appetiser looked at 1301 but no draught though it looks interesting.

Then to main course: Ivan down first ladder pitch and removed boulders at top of short climb down into small chamber. Stopped at top of another 7m drop. Andy and Pete then came down and descended to find all possible routes too tight or closed down.

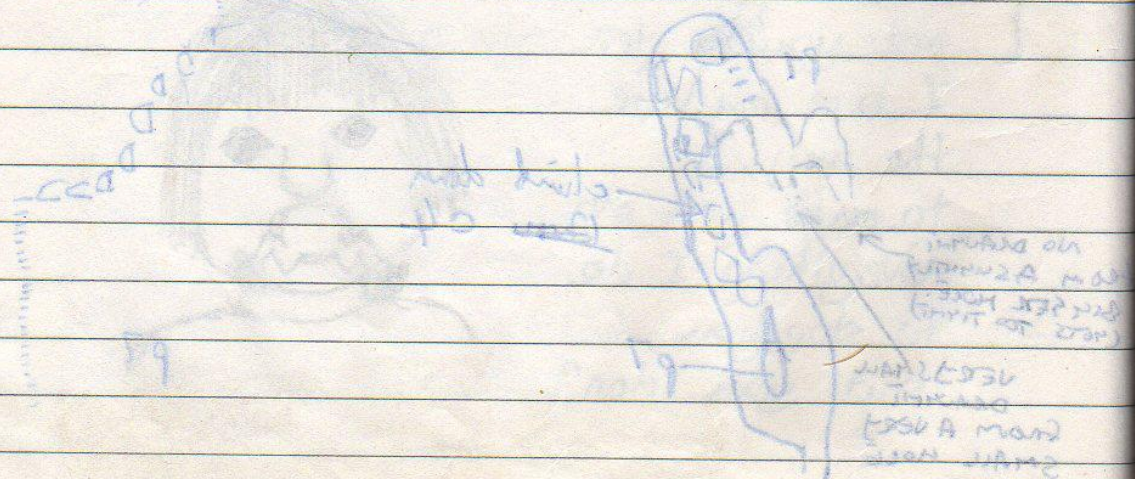

Then to the wedding at Site 1302 which Juan descended to a choked floor at -8m. Small oven off to one side. Then coffees and copas — which turned out to be blancos in the bar.

THURSDAY 28TH MAY PATATEL

PENNY, JUAN, JENNY, JULIE, ARTHUR & ANDY + TWO CAVE GATERS.

A QUICK LOOK INTO THE CAVE TO TAKE A FEW PHOTOS AND ENJOY THE ARCHAEOLOGICAL SIGNIFICANCE OF THE CAVE. ONE OF THE GATERS (ALSO AN ARCHAEOLOGIST) SHOWED US WHAT HE CLAIMED WAS THE JAW BONE OF A NOW EXTINCT DEER. ARTHUR FELL ASLEEP THUS ENDING THE PHOTOGRAPHY.

MATIENZO CAVES PROJECT
